

**eNET Monitoring & DNC will be exhibiting their Smart Manufacturing solutions at HOUSTEX 2023.**

February 1st, 2023

**Greenfield, WI-**

eNET Monitoring & DNC, the leading Smart Manufacturing solution of the Midwest is pleased to announce that we will be exhibiting at the HOUSTEX 2023 show, taking place from February 21-23 at the George R. Brown Convention Center in Houston, Texas. Live demos of eNET will be available in booth #2403, as will representatives from eNET headquarters to answer Industry 4.0 related questions from the HOUSTEX attendees.

**Company Profile**

eNET Monitoring & DNC is the leader in providing secure locally hosted American-made DNC & Machine Monitoring solutions, serving the smart manufacturing industry for over 30 years. eNET customers enjoy free phone support and software updates, all without the hassle of yearly maintenance charges!
